## Project Title: Eames House Website

I would like to build a site with multiple pages.

I would also like it to have a site navigation at the top.

- Home Page/Introduction – Introduce basic points about the Eames house and its historical significance as a landmark of mid-century modern architecture. Introduce what mid- century modern style is.
- Biography of the Architects: Charles and Ray Eames
- Building of the house- materials, process
- Interior of the house- furniture, items
- Sources – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
